

GWA 200

Optional Floor stand

ISTpure's spray gun cleaner **GWA 200** is a compact and affordable unit that is **suitable for confined spaces** and for users with repetitive color or coating changes. Its **automatic cleaning station** allows to efficiently clean one paint spray gun along with PPS and other disposable cup adapters simultaneously in **less than 30 seconds**.

The **GWA 200** is a **hybrid cleaner** designed to clean either solvent-based or waterborne paint equipment in one simple to use system.

Increase the life span of your paint equipment of up to 75% and get ready for the next paint job in no time !

- Wood Finishing

KEY FEATURES

- ✓ **Single automatic cleaning station** adaptable for gravity feed and suction spray paint gun of any sizes and shapes
- ✓ **Easy Locate System** ensures that the paint spray gun is mounted in the best cleaning position without the need to change nozzles or attachments
- ✓ **Cost-effective solution** for reducing solvent or waterborne fluid consumption and wastes, and for increasing painter's productivity
- ✓ **Optional floor stand** for housing the fluid pail and avoiding wall mounting
- ✓ **Automatic fume extraction built-in vent** when using solvent-based fluid
- ✓ **Low air consumption** of less than 2 cfm, thanks to **Graco's** high efficiency air-operated double diaphragm pump
- ✓ **Long-term warranty** : parts 2 years / pump 5 years
- ✓ **Environmental-friendly solution** : Reduces solvent or waterborne fluid consumption, hazardous waste, and VOC emissions

ACCESSORIES INCLUDED / OPTIONAL

- ✓ Adapter tubes and fitters
- ✓ Trigger holding clamp
- ✓ Exhaust for solvent fume extraction
- ✓ Blue Filter kit
- ✓ Floor stand (optional)
- ✓ Instruction Manual

IST surface manufactures standard and custom spray gun cleaners and cleaning equipment to be used with solvents or waterborne fluids. In addition to offering a wide selection of cleaning equipment, IST surface specializes in innovative engineering, integrated systems for compact to large parts. IST surface designs solutions for challenging parts washers, solvent recycling and surface treatment applications.
