Introducing the next generation of spray gun cleaner: One machine, one universal cleaner for both solvent and waterborne cleaning!

ISTpure's spray gun cleaner **GWMA 700 HYBRID** is the future of spray gun cleaning, using exclusive **Puretech Cleaning Fluid**, a universal cleaner that is suitable for solvent-based and/or waterborne paint equipment cleaning in one simple to use system.

The new **GWMA 700 HYBRID** is an ergonomic and robust cleaner that is suitable for medium-to-heavy users with repetitive color or coating changes. Its combined manual and automatic cleaning station allow to clean efficiently up to two paint spray guns along with PPS and other disposable cup adapters simultaneously using the automatic wash setup or to proceed to a full wash of disassembled guns using its manual wash setup and tools.

MARKETS SERVED

- Aerospace & Aviation
- Automotive
- Body Shop & Car Dealers
- General Manufacturing
- Marine
- Wood Finishing

KEY FEATURES

- ✓ **Automatic*/manual cleaning stations** equipped with large basin, two adaptive gun mounts and cleaning nozzles, manual flow-through cleaning brush, air rinse / drying nozzle, fluid tap, manual rinse with clean fluid, paint trap, and air blow gun
- ✓ **Easy Locate System** ensures that the spray gun is mounted in the best cleaning position without the need to change nozzles or attachments
- ✓ **One fluid**** for both solvent and waterborne cleaning
- ✓ **Increased efficiency** up to 600 washes per 20 L drum
- ✓ **Non-flammable and non-hazardous** cleaning fluid for the user
- ✓ No fume, no air extraction needed
- ✓ **Powered by Graco's** high efficiency air-operated double diaphragm pump (<2 cfm)
- ✓ **Long-term warranty** : parts 2 years / pump 5 years
- ✓ **Environmental-friendly solution** : Reduces solvent or waterborne fluid consumption, hazardous waste, and VOC emissions

* Automatic wash currently only suitable for gravity fed spray guns any other spray gun must be cleaned manually.

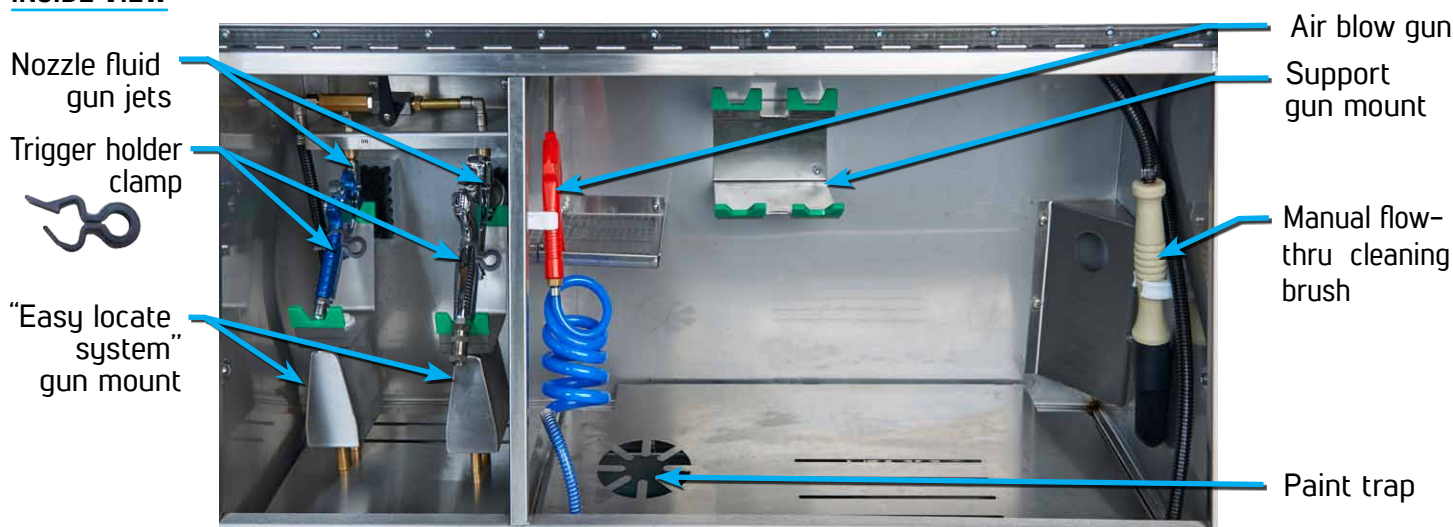

** To be used with Puretech Cleaning Fluid only.

ACCESSORIES INCLUDED

- ✓ Air blow gun
- ✓ Adapter tubes and fitters
- ✓ Cleaning nozzles
- ✓ Trigger holding clamp (2)
- ✓ Blue Filter kit
- ✓ Instruction manual

IST surface manufactures standard and custom spray gun cleaners and cleaning equipment to be used with solvents or waterborne fluids. In addition to offering a wide selection of cleaning equipment, IST surface specializes in innovative engineering, integrated systems for compact to large parts. IST surface designs solutions for challenging parts washers, solvent recycling and surface treatment applications.

INSIDE VIEW

INLINE BLUE FILTER

The inline filtration system "Blue Filter" enhances the cleaning performance of the cleaner, increases its life span, lower its maintenance, and reduces wastes by filtering out the particules from cleaning fluid.

POWERED BY A GRACO PUMP

All our cleaners are powered by Graco's high efficiency air-operated double diaphragm pump providing a high performance fluid delivery with very low air consumption.

- Long-term 5 year warranty
- Air consumption: < 2 cfm
- Air input: 40-90 psi
- Output : 5 US gal per minute at 90 psi
- Air input connection: 1/4 NPT

CHARACTERISTICS

Cleaning Station(s)	Manual / Automatic
Cleaning Station Capacity	2 Paint Guns / 2 Cups
Dimensions (H x W x D)	58" X 39" X 16"
Weight	143 lb
Air input	76/100 psi
Air input connection	1/4" NPT
Warranty Parts / Pump	2 years / 5 years
Product No.	350700

PURETECH CLEANING FLUID

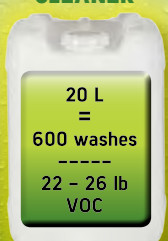

Low VOC* spray gun cleaner to be used with GWMA 700 HYBRID

- One universal cleaning fluid for solvent and waterborne cleaning
- Non-hazardous to health & biodegradable
- Do not require rinsing
- No air extraction needed
- Non flammable & non corrosive

* VOC : volatile organic compound

HIGH EFFICIENCY AND LOW VOC* EMISSIONS CLEANER
