

GWMA 600 TWIN

Ergonomic cleaning height

ISTpaint's spray gun cleaner **GWMA 600 TWIN** is a versatile and multi-user dual cleaning station that is suitable for medium-to-heavy users with repetitive color or coating changes. Its dual combined **manual and automatic** cleaning stations allow to clean efficiently up to two paint spray guns along with PPS and other disposable cup adapters simultaneously in **less than 30 seconds** using the automatic wash setup or to proceed to a full-wash of disassembled guns using its manual wash setup and tools.

The **GWMA 600 TWIN** is a **hybrid cleaner** designed to clean both solvent-based and/or waterborne paint equipment in one simple to use system.

Increase the life span of your paint equipment of up to 75% and get ready for the next paint job in no time!

KEY FEATURES

- ✓ **Dual automatic/manual cleaning stations** equipped with large basin, adaptive gun mount and cleaning nozzles, manual flow-through cleaning brush, air rinse / drying nozzle, fluid tap, manual rinse with clean fluid, and air blow gun
- ✓ **Cost-effective solution** for reducing solvent or waterborne fluid consumption and wastes, and for increasing painter's productivity
- ✓ **High power cleaning** up to 5 gal (20 liters) per minute
- ✓ **Easy Locate System** ensures that the paint spray gun is mounted in the best cleaning position without the need to change nozzles or attachments
- ✓ **Automatic fume extraction built-in vent** when using solvent-based fluid
- ✓ **Solvent pail is kept inside** the cleaner housing
- ✓ **Low air consumption** of less than 2 CFM, thanks to Graco's high efficiency air-operated double diaphragm pump
- ✓ **Long-term warranty** : parts 2 years / pump 5 years
- ✓ **Environmental-friendly solution** : Reduces solvent or waterborne fluid consumption, hazardous waste, and VOC emissions

ACCESSORIES INCLUDED / OPTIONAL

- ✓ Air blow gun (2)
- ✓ Adapter tubes and fitters
- ✓ Cleaning nozzles
- ✓ Trigger holding clamp
- ✓ Exhaust for solvent fume extraction (2)
- ✓ Blue Filter kit (optional)
- ✓ Instruction Manual

IST manufactures standard and custom spray gun cleaners and cleaning equipment to be used with solvents or waterborne fluids. In addition to offering a wide selection of cleaning equipment, IST specializes in innovative engineering, integrated systems for compact to large parts. IST designs solutions for challenging parts washers, solvent recycling and surface treatment applications.

WE ALSO RECOMMEND

The optional inline filtration system "Blue Filter" enhances the cleaning performance of the cleaner, increases its life span, lower its maintenance, and reduces wastes by filtering out the particules from cleaning fluid.

POWERED BY A GRACO AIR OPERATED DOUBLE DIAPHRAGM PUMP

All our cleaners are powered by Graco's high efficiency air-operated double diaphragm pump providing a high performance fluid delivery with very low air consumption.

- Long-term 5 year warranty
- Air consumption: < 2 cfm
- Air input: 40-90 psi
- Output : 5 US gal per minute at 90 psi
- Air input connection: 1/4 NPT

CHARACTERISTICS

Cleaning Station(s)	2 Manual / 2 Automatic
Cleaning Station Capacity	2 Paint Guns / 2 Cups
Dimensions (H x W x D)	60" X 46" X 15 3/4"
Weight	154 lb
Air input	40/90 psi
Air input connection	1/4" NPT
Warranty Parts / Pump	2 years / 5 years
Product No.	350600

ISTpure SOLVENT RECYCLER

Combine your cleaner with **ISTpure Solvent Recycler** to increase your return on investment (ROI) by reducing used solvent wastes and pure solvent purchases.
